

Summer Workshop - 12th June 2024

A Networking and Workshop Day for Supervisors of Spiritual Directors and those who are part of Peer Supervision Groups

A day for exploring together, looking again at supervision, refreshing our skills and reimagining supervision.

We know the importance of supervision and the need to keep ourselves up to date with training and learning from each other. The day will give supervisors a safe space to be together, sharing experiences and concerns with the opportunity to learn from each other.

A time to remind ourselves of:-

- The importance of supervision.
- The differences / similarities of different forms of supervision (e.g. peer facilitated/independently facilitated)
- The challenges that safeguarding issues may bring.
- Who supervises the supervisors?
- Have there been personal developments?
- Have there been personal challenges?
